Work Experience   Portfolio Web: **Udbhav Prajapati**

GROOVY TECHNOWEB PVT. LTD

Software Development Intern: **DES-2024 - MARCH-2025**
- I Developed Online Food Ordering System Using MERN stack during full-time Internship period.
- That Project I Managed All Frontend Related Parts and use Cutting Edge technology. So Manage Responsiveness, User Friendly UI, etc. That Project I Us Material UI For Some Parts Like Slider, Navbar. For Animated Images Us Lottie Files.
- For Responsiveness Use Grid and Flex in CSS. For Generating Order Report Used React-Chart. And Use Context API For State Management.
- And Also Link that Project with Back end. Through Axios .and also learn how to make API and Connect with MongoDB atlas. So a little bit involved in Backend Development.
